

- NOTES:**
1. Pile shall be placed against undisturbed material.
 2. Primer and paint post interior from base plate to 6' above lower handhole-unless post is galvanized.
 3. On single post sign structures, the post shall be raked out of plumb, with the use of leveling nuts to make the bottom of the sign frame level.
 4. When foundation is located on a steep slope with exposed face of concrete adjacent to traffic, see "DETAIL C".
 5. Slope protection required when indicated on Project Plans.
